Barbara's Stucco Playhouses are part of the Turnberry Town Square Shopping Center in Las Vegas, NV. These charming structures are designed to simulate the old world European look of the surrounding buildings and entertain kids and families! To accommodate players of all ages, we created two different areas of play. For those in the 5 to 12 range, our two-story Romeo & Juliet Playhouses stand side by side and are connected by an upper and lower breezeway bridge with faux stone facing and balcony. For players in the 2 to 5 range, our Bakery/Cafe offers a chance to cook up a pretend meal, complete with colorful wooden cakes.

The Stucco Playhouses meet ASTM F1487 Standards for Public Use Playground Equipment and the 2010 Americans with Disabilities Act.
